The mutilation of the dead, rape, molestation, or any kind of sexual violence during combat; the killing of diplomats; the destruction of property; and the demolition of religious or medical institutions would be incorporated into modern international law

65 for winning a war the tribal law was that the defeated was to be a slave so the Quraysh would be Muhammad’s slaves. Only six men and four women were put to death for various crimes, no one was forced to convert

108 everyone was forced to be the religion that the country they were living in was, everyone was to proselytize so every religion was “spread by the sword”

132 Muhammad told a group of women I have not seen anyone more deficient in religion and intelligence than you, but Muhammad had asked advice from his wives on everything including military matters
